To UAAT's International Partner University Alliance/System,

On behalf of the University Academic Alliance in Taiwan (UAAT), I would like to extend our deepest gratitude for your support in promoting and recommending candidates for the 2024 UAAT International Young Visiting Scholar Program. To further strengthen scholar exchanges, we are pleased to announce that applications for the **2025 UAAT International Young Visiting Scholar Program** are now open (please refer to **Attachments 1 & 2**).

This mobility program invites young scholars from UAAT's international partner university alliances and systems to undertake short-term visits (1–3 months) at UAAT member universities, enabling them to build professional networks and explore potential collaborations in research, teaching, innovation, and entrepreneurship.

We would greatly appreciate your support in promoting this opportunity within your university system/alliance and identifying outstanding candidates for recommendation. Scholars may apply either individually or through your alliance's nomination (see **Attachment 3**_List of the Recommended Candidates), with an application deadline of **April 14, 2025** for both options. Individual applicants should submit their materials directly to the UAAT Secretariat. For nominees recommended by your alliance, we would be grateful if you/nominees could compile and submit their complete application materials together by the application deadline. If any of your recommended candidates require support during the application process, such as assistance in identifying a suitable host scholar or institution, please feel free to reach out to us.

We hope this program will further enrich academic collaboration, facilitate talent exchange, and strengthen the ties between your university system/alliance and UAAT. The attachments mentioned above can be downloaded from this link <https://drive.google.com/drive/folders/1N-gvNWUzkAaftomWsCfxdKODCsRov-Mi?usp=sharing>. Should you require any further information or assistance, please do not hesitate to contact us. We truly appreciate your support and look forward to continued collaboration.

With best regards,

Dr. Ya-Ping Chiu

Deputy Officer

UAAT Secretariat

Deputy Vice President for Research and Development
